A wealthy Greek businessman is found dead at his London home... The Leonides were one big happy family living in a sprawling, ramshackle mansion. That was until the head of the household, Aristide, was murdered with a fatal barbiturate injection. Suspicion naturally falls on the old man's young widow, fifty years his junior. But the murderer has reckoned without the tenacity of Charles Hayward, fiancée of the late millionaire's granddaughter

A letter from our President:

Dear South St. Paul Jaycees and Friends,

February is a time at my work where we start to discuss developmental goals for the upcoming year, and it got me thinking about how I want to develop this year with JCI SSP. JCI is an organization about creating leaders and allowing for a safe space for that development. There are many opportunities available to members both new and seasoned to enhance their skills. I encourage you to find an area you would like to become stronger in and look for ways within JCI to do that. Do not be afraid to ask those around you for help. You just never know who may have experience or training in the area in which you would like to grow. I am excited to see what each of you is able to achieve.

Sincerely,
Cerrisa Howell-Brown
2018 President
South St. Paul Jaycees

I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.
